VISION. ENGINEERING. SOLUTIONS.

Electrical engineering and control cabinet solutions for industry, mechanical engineering and plant construction.

Precise. Standards-compliant. Future-proof.

FAMILY-OWNED

Personal, long-term
and with responsibility.

RELIABILITY

On time, transparent
and partnering.

FUTURE-ORIENTED

Modern technologies
for tomorrow.

REGIONAL STRENGTH

Rooted in the Amtsberg
region near Chemnitz.

OUR VISION

TECHNOLOGY, THAT CONNECTS.

We connect engineering expertise with innovation, precision and passion.

From the initial idea to final implementation, we create electrical solutions that inspire today and stand the test of tomorrow.

Our claim is clear: highest quality, maximum efficiency and sustainable solutions for your projects.

Precise. Standards-compliant. Future-proof.

PRECISION

Meticulous planning and exact execution down to the smallest detail.

INNOVATION

Modern technologies and smart solutions for maximum performance.

RELIABILITY

Processes you can rely on – today and in the future.

SUSTAINABILITY

Responsibility for people, the environment and resources.

OUR PHILOSOPHY

YOUR VISION. OUR ENGINEERING.

From the first idea to final documentation, we deliver high-quality electrical engineering solutions for mechanical engineering, automation technology and special systems.

At our location in Amtsberg near Chemnitz, we combine many years of experience with state-of-the-art CAD systems and practical manufacturing expertise.

FAMILY-OWNED

As a family business, we act with long-term focus, personally and with responsibility.

QUALITY

Highest quality standards at every project phase – ensuring precise and standards-compliant results.

RELIABILITY

We keep our word – on time, transparently and with a spirit of partnership.

FUTURE-ORIENTED

We invest in modern technologies and develop solutions for tomorrow.

REGIONAL STRENGTH

Rooted in the Amtsberg region near Chemnitz – with strong partners close by.

OUR SERVICES

INNOVATIVE ELECTRICAL ENGINEERING.

With state-of-the-art tools and many years of experience, we develop precise solutions for your electrical systems – precise, standard-compliant and future-proof.

CABLE DESIGN

Efficient planning and layout of cable systems incl. configuration and documentation.

CONTROL PANEL DESIGN

Electrical design of control panels for machines, systems and special applications.

SWITCHGEAR DESIGN

Comprehensive and manufacturing-oriented design of switchgear and distribution assemblies.

PANEL LAYOUT AND DEVICE DESIGN

Development of layouts and devices for the highest technical requirements.

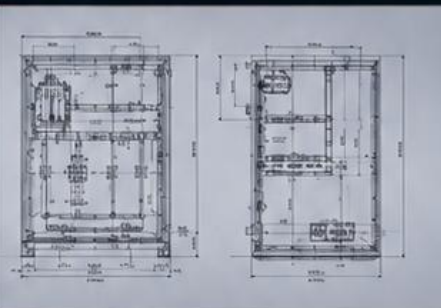

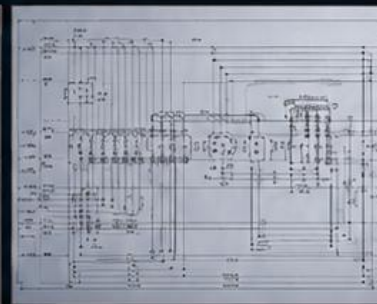

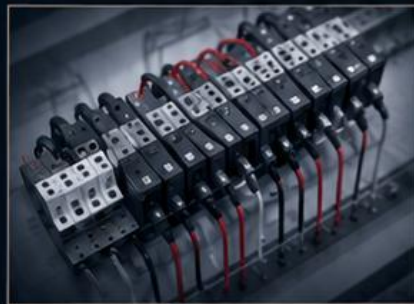

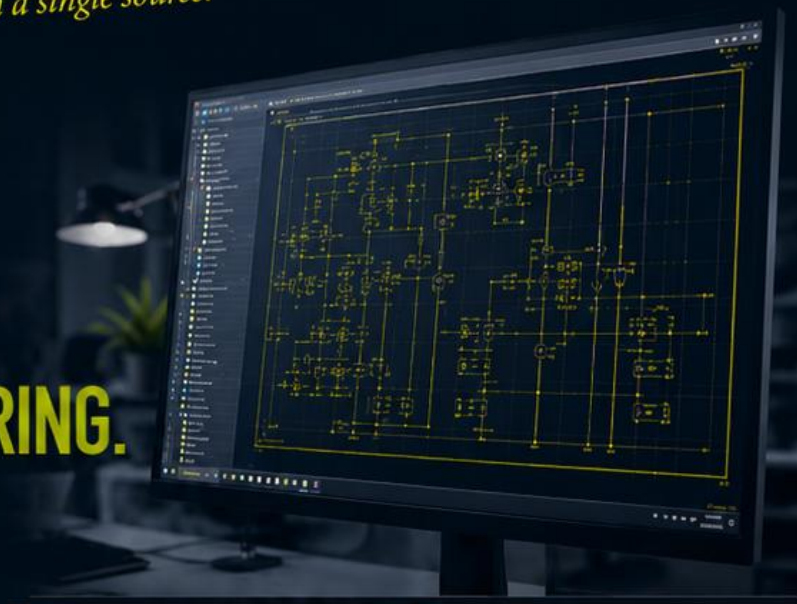

MANUFACTURING DOCUMENTATION

Creation of all relevant documents for seamless production and assembly.

BILL OF MATERIALS & DOCUMENTATION

Complete, digital documentation and bill of materials generation.

SOFTWARE & TOOLS

We work with leading engineering tools to deliver maximum quality, efficiency and flexibility.

OUR PROJECT DEVELOPMENT

COMPREHENSIVE. RELIABLE. EFFICIENT.

We accompany your project from the first idea through to successful implementation – transparent, structured and solution-oriented.

01 CONSULTING & ANALYSIS

We listen, analyze your requirements and develop the optimal solution.

02 CONCEPT & PLANNING

Detailed planning, CAD design and technical elaboration using state-of-the-art tools.

03 MANUFACTURING & ASSEMBLY

Precise manufacturing and professional assembly in our facility – to the highest standards.

04 TESTING & QUALITY ASSURANCE

Extensive testing and documentation for maximum safety and reliability.

05 DELIVERY & COMMISSIONING

Punctual delivery and support during commissioning on site.

06 SERVICE & SUPPORT

Even after project completion, we remain your reliable partner.

YOUR ADVANTAGE

One point of contact for all services – smoother processes, shorter paths and the best results.

ROOTED IN THE REGION.

Our company headquarters in Amtsberg near Chemnitz enables short distances, fast response times and personal proximity to our customers.

SOLUTIONS THAT CONNECT.

Well-engineered electrical design creates the foundation for high-performance systems and sustainable success.

PRECISION THAT CONVINCES.

Every detail counts – for safe, efficient and future-ready results.

QUALITY YOU CAN COUNT ON.

Standard-compliant, documented and tested – for your safety and our commitment.

OUR PROJECTS

SOLUTIONS, THAT CONNECT.

Whether mechanical engineering, energy and building technology, automation or special system construction – we deliver precisely engineered electrical designs and control panels for a wide range of industries.

A selection of our successfully completed projects.

ENERGY & INFRASTRUCTURE

Reliable solutions for power distribution, renewable energies and infrastructure projects.

AUTOMATION & SPECIAL SYSTEMS ENGINEERING

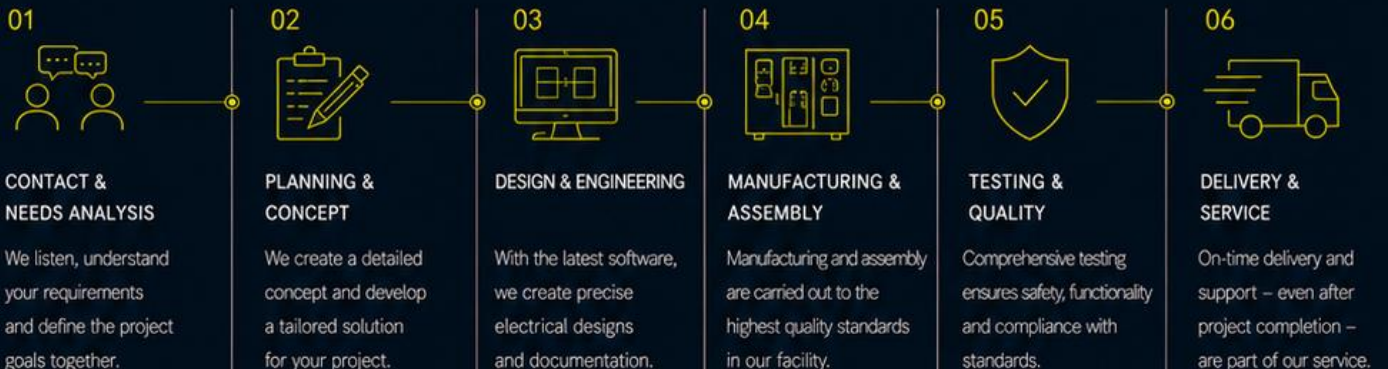

Individual control systems for complex processes and special requirements.

BUILDING TECHNOLOGY & FACILITY MANAGEMENT

Intelligent switching and control technology for modern buildings and technical systems.

HOW YOUR PROJECT COMES TO LIFE

*Everything
from a single source!*

OUR COMMITMENT

QUALITY. RELIABLE. ALWAYS.

We stand for highest quality in every detail.
Through clear processes, state-of-the-art
technologies and an experienced team, we deliver
solutions you can rely on – today and in the future.

HIGHEST QUALITY

Careful planning,
precise manufacturing
and comprehensive
testing.

LONG-TERM RELIABILITY

Robust solutions for
safe and trouble-free
operation.

SUSTAINABLE RESPONSIBILITY

Resource-saving
processes and materials
for a better future.

QUALITY ASSURANCE AT EVERY STEP

PLANNING & REVIEW

Detailed planning
and technical review for
maximum safety.

MANUFACTURING

Precise processing with
state-of-the-art machines
and qualified
employees.

TESTING

Comprehensive tests
and functional checks
in accordance with
current standards.

ACCEPTANCE

Transparent acceptance
process and seamless
documentation.

DELIVERY

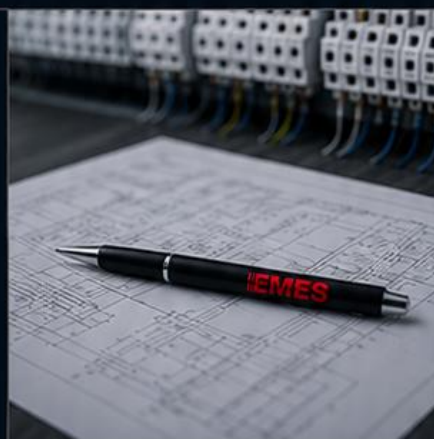

Punctual delivery and
secure packaging for
smooth processes.

SERVICE

Competent support
even after project
completion –
we are here for you.

LET'S BUILD CONNECTIONS.

Together we realize your projects –
precise, efficient and future-proof.
We look forward to your inquiry!
